QUIZ #4 REFERENCE

Following is a copy of the directions for the quiz.

This quiz consists of four questions. No partial credit will be assigned. On each of the questions one can earn a maximum of one point. Please work without the aid of notes, books, calculators, computers and other people.

One can prepare for the quiz by preparing the following:

- definitions
  1. a function
  2. a line in $\mathbb{R}^2$
  3. the open half spaces defined by a line in $\mathbb{R}^2$
  4. the closed half spaces defined by a line in $\mathbb{R}^2$
  5. the angle between two vectors in $\mathbb{R}^2$
  6. a vector space
  7. a subspace of a vector space
  8. an inner product space
  9. a norm on a vector space
  10. the Cauchy-Schwarz inequality
  11. a metric on a non-empty set
  12. convergent infinite sequence in a metric space
  13. Cauchy sequence in a metric space
  14. accumulation point of a sequence in a metric space
